***Allowable Subject Matter***

1. Claims 35-49 are allowed.
2. The following is an examiner's statement of reasons for allowance: After reviewing the prior art references, the Examiner found that Applicants' argument in the remarks pages 7-8, filed on 07/28/2005 are persuasive for placing the new claims 35-48 in a condition for allowance. Furthermore, claims 35-~~48~~<sup>49</sup> are allowed because the art of record including Rosenberg (US 3184069) and Liken et al. (US 6714419) fail to teach or suggest, alone or in combination, the claimed circuit board carrier and a method of carrying plurality of circuit boards, comprising a plurality of circuit board carrying positions, each position comprising a pair of opposed card guides having an elongated groove being essentially orthogonal to a longitudinal axes of a pair of fixed brackets as further defined at claims 35 and 47 respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
